Stream Processor Performance Testing-filter-3.1.0

August 15, 2017

1 Average Throughput During 60-180 seconds time period since the start of the benchmarking experiment

1.1 Summary Table

| Experiment runs | Average Throughput(million events/second) |
|-----------------|---|
| 0 | 0 |

2 Average Latency During 60-180 seconds time period since the start of the benchmarking experiment

2.1 Summary Table

| Experiment runs | Average Latency (micro seconds) |
|-----------------|---------------------------------|
| 0 | 0 |
